Commissioner:

The reference cited on attached form PTO/SB/08A and PTO/SB/08B is being  
called to the attention of the Examiner. A copy of the reference is not enclosed.

It is respectfully requested that the cited reference be expressly considered during  
the prosecution of this application, and the reference be made of record therein and appear  
among the "references cited" on any patent to issue therefrom.

As provided for by 37 CFR §1.97(g) and (h), no inference should be made that the  
information and references cited are prior art merely because they are in this statement and no

representation is being made that a search has been conducted or that this statement encompasses all the possible relevant information.

This IDS is being filed before the mailing date of the final Office Action or Notice of Allowance to make of record U.S. patent 7,418,294, which corresponds to U.S. Publication No. 2003/0176901, since the U.S. patent is easier to read and contains all drawing figures, which are missing from the published application attached to the Office Action of November 24, 2009.

In view thereof, applicant believes that no fee is due for this IDS.

However, should the fee of \$180 be nevertheless due, please charge it to Deposit Account No. 20-1430. Please deduct any additional fees from, or credit any overpayment to, the above-noted Deposit Account.

Respectfully submitted,

J. Georg Seka
